Source

Collection was created by Health Sciences Library staff.

Emory Libraries provides copies of its finding aids for use only in research and private study. Copies supplied may not be copied for others or otherwise distributed without prior consent of the holding repository.

Citation

[after identification of item(s)], Health Sciences Center Library Biographical Files, Health Sciences Archives, Woodruff Health Sciences Center Library, Emory University.

Processing

Processed by Health Sciences Library staff, circa 1975-2001.

Collection Description**Biographical Note**

This collection includes biographical information of several hundred members of the Emory community, from Emory alumni, physicians, and professors to founding members of the Emory School of Medicine. Also includes the personal and professional papers of several Georgia physicians not affiliated with Emory.

Scope and Content Note

The Health Sciences Center Library Biographical Files consists of a comprehensive collection of clippings, medical journals, Emory publications, and reprints related to members of the Emory medical community. This collection was created by members of the Health Sciences Library staff as materials came into the library that referred to individuals related to Emory medicine.

When possible, folders inclusive only of reprints have been identified. Some folders include card descriptions of an individuals work in the event that the publication is not present in the folder.

Arrangement Note

Arranged alphabetically by author's last name.

Container List

Biographical Files: Emory
