Collection Description

Historical Note

Edward Thomason completed a series of 60 silver medals in 1830. These featured biblical subject matters which were inspired by paintings of old masters and each medal had a diameter of 73mm. The version owned by Pitts Theology Library is a 1970 reproduction by the Franklin Mint. These were recreated in a smaller size (44mm diameter), and struck in bronze. The typography and text has also been updated in the Franklin Mint edition.

Emory Libraries provides copies of its finding aids for use only in research and private study. Copies supplied may not be copied for others or otherwise distributed without prior consent of the holding repository.

Scope and Content Note

As in Thomason's original edition, there are sixty medals in the Franklin Mint edition. Each medal depicts a different scene from the Bible inspired by an old master.

Arrangement Note

Retains the original numbered order.
