Collection Description

Administrative History

The Emory University Board of Trustees governs the University by establishing policy and exercising fiduciary responsibility for the long-term well-being of the institution. The Board and its Executive Committee act on recommendations from board committees, University officers, and the University Senate.

The Board has been in existence since 1915. Until 1918, when a full board of thirty members was elected by the General Conference of the Methodist Episcopal Church, South, the petitioning incorporators served as an interim Board of Trustees. By custom, several board positions are filled by active bishops of the United Methodist Church.

Scope and Content Note

The series consists of records created by the Board of Trustees from 1915-1994 and includes bylaws, charters, membership lists, minutes, rosters, and subject files.
