Collection Description

Historical Note

Frontiers of America was founded in 1936 by Nimrod B. Allen in Columbus, Ohio. The central aim of this organization is to deal with the complex situations in civil and social life. It became known as Frontiers International, Inc. in 1962 when a charter was granted to a club in British Guiana, now the nation of Guyana. Frontiers International Inc. is a national, nonprofit, nonsectarian, service organization. Its members, called "Yokefellows," include men and women from all walks of life: professional, business, religious, political, educational and lay leaders. Each provides many hours of volunteer service through their local clubs. The service work of Frontiers International is carried out through the local clubs, which is an organization of business, professional and other men and women who are active in community work. Each local club selects the activities and programs which it deems to be of importance to its particular community, however there are mandatory national programs which each club must participate. These are the Frontiers International Vitiligo Foundation and to support Frontier youth service.
