### Collection Description

#### Biographical Note

Marion Renfroe, chemist and research scientist, was a colleague of Georgia chemist, Charles Holmes Herty.

*Emory Libraries provides copies of its finding aids for use only in research and private study. Copies supplied may not be copied for others or otherwise distributed without prior consent of the holding repository.*

**Scope and Content Note**

The collection consists of the papers of Marion Renfroe from 1930-1952. The papers include correspondence, clippings, photographs, and other printed material. The collection documents Renfroe's research interests in forestry and in the pulp and paper industry. Of particular note is a letter from Renfroe to Henry Ford asking him to finance a pine tree farm.
