[after identification of item(s)], Revolution Rock records, Stuart A. Rose Manuscript, Archives, and Rare Book Library, Emory University.

Appraisal Note

Curator of Modern, Historical and Political Collections, Randy Gue, acquired the collection as part of the Rose Library's holdings in Modern Political and Southern History collections.

Emory Libraries provides copies of its finding aids for use only in research and private study. Copies supplied may not be copied for others or otherwise distributed without prior consent of the holding repository.

Processing

Arranged and described at the file level by Laura Starratt, June 2018.

Collection Description**Biographical Note**

Miller Francis grew up in Anniston, Alabama. From 1982 until 1996, Miller was host, DJ, and engineer of "Revolution Rock: By All Music Necessary," a music show that aired on WRFG (Atlanta, Georgia). Francis introduced a number of local, national, and international punk, reggae, folk, electronica, and jazz musicians to the Atlanta audience. He also interviewed many of the key artists of the period, including Fela Kuti, Joe Strummer, KRS-One, and Henry Rollins, as well as local punk bands like Neon Christ.

Scope and Content Note

The collection consists primarily of audio cassettes of "Revolution Rock," including programs and interviews. There are also fliers, playlists created by Miller Francis, subscription statistics, clippings, and photographs related to the program. Approximately 173 of the cassettes are recordings of individual "Revolution Rock" programs recorded by Elizabeth Francis on a portable tape recorder. Another 145 cassettes feature in-depth interviews with a wide range of musicians, including Bad Brains, Black Flag, Boogie Down Productions, Corrosion of Conformity, DDT, Dead Kennedys, The English Beat, Husker Du, The Jody Grind, Fela Kuti, The Minutemen, Neon Christ, Public Enemy, Screaming Trees, Sister Carol, Steel Pulse, Joe Strummer, Suicidal Tendencies, Toxic Reasons, and Trouble Funk.

Arrangement Note

Arranged alphabetically by record type.
